

MENTAL HEALTH SERVICES

Available via Telehealth

About Lee Carlson Center

We are the primary provider of outpatient mental health services in Anoka County and surrounding areas, impacting the lives of 6,000+ individuals, families and caregivers each year. Lee Carlson, a Registered Nurse, founded the center in 1979 with a focus on helping at-risk youth through support groups in area schools. Our school-based program remains a cornerstone of our services, providing individual, group and family therapy in seven school districts.

Who We Serve

Our clinical team works with individuals and families and sees clients from ages 2-92 throughout the Twin Cities area.

Payment

Most insurance plans are accepted and a sliding fee is available for those who qualify. Contact us to learn more about your options.

Visit us at our website to learn more about our programs.
