

LEE CARLSON CENTER™

For Mental Health & Well-Being

Lee Carlson Center for Mental Health & Well-Being seeks an experienced professional for the position of Director of Development. The Director of Development will direct the fundraising initiatives with individuals engaging key stakeholders including current and prospective donors, in kind partners, and event participants.

The Development Director will implement regular fundraising appeals and establish, maintain and cultivate ongoing relationships with donors and prospective donors and implement and maintain a robust donor engagement plan.

Through four to six development campaigns each year the Development Director will Maintain and develop an annual program of mission-consistent events that deepen engagement with our audience and support fundraising goals.

The Development Director will also develop in kind donor and sponsorship partnerships to support agency goals and lead development of legacy giving through Lee Carlson Center's Endowment Fund.

The ideal candidate will have 3-5 years' experience leading non-profit fundraising initiatives with individuals and have at a minimum a Bachelor's Degree in philanthropy, communications, or non-profit related field with a Master's Degree Preferred. A professional certification in fundraising or non-profit management is also preferred but not required.

To apply please submit your resume and cover letter with interest to apply@leecarlsoncenter.org

Who we are:

Lee Carlson Center for Mental Health & Well-Being, a 501c3 non-profit, is the primary provider of outpatient mental health services in Anoka County and surrounding area. Each year we offer hope and healing to more than 6,000 individuals and families struggling with a variety of emotional health issues. Services include clinic, home and school-based counseling and individual, family and group therapy as well as psychological testing, assessment and psychiatry.

A beacon of hope and healing for over 40 years, our mission is to provide exceptional and affordable mental health services to families, children, youth, and adults.
